

Hi from the Malvern Branch of the German Shepherd Dog Club of Victoria. Here are a few members from our club who regularly represent our branch in obedience trials, tracking, shows, public events and exhibition. Some days it can get very hot and unpleasant for our GSDs (and the handlers too!). The [cooling vests](#) help keep our GSDs cool and looking good at the same time. Check out our demo teams in the photos below. This was taken at the city of Stonnington Pets in the Park event held on March 15th 2008. It was a very hot day and temperatures had been in the high thirties all week. The sun was blaring down, but look at our GSDs, the happy faces (photos below) say it all! As a result we all enjoyed the day.

Top: Malvern GSDCV Demo Team in action. Below: Close up shots of our stars.
